

Low rates, no gotchas

Lower Rates

About 0.5% less than everyone.
A full 1% less than the big guys.
(Ahem, 🚀).

Price Match

If you find a better rate, we'll
match it.

No Fees

We don't hate you. So we don't
sneak in \$5,000 in extra fees like
other lenders.

Close on-time

We're on-time, 98% of the time.
The industry thinks 40% is good
enough.

What really stood out was their
ability to close the loan within
an extremely tight window—a
timeline that other mortgage
companies said they couldn't
meet.

– Darrell, J

I've bought and sold quite a few
properties and have never had
a loan agent be as involved as
Tomo's was. Plus their rates are
better than anyone else's!

**AI to get rid of the greed and
complexity in mortgages, so
that everyone can buy a home.**

We're a mortgage company that uses back-
end automation to make getting a loan faster,
more honest, and way less expensive. It saves
a typical buyer \$4,000 at closing—that's
enough to buy a place and start earning equity
one year sooner.
